### **The Foundation Phase for children 3-7 years: How well prepared is your school?**

The introduction of the Foundation Phase in all settings for 3-5 year olds has been delayed until September 2008. It will be implemented in Year 1 in September 2009 and Year 2 in September 2010, giving you two extra years to prepare. This is the latest event organised by PACE dealing with all aspects of teaching and learning through play. Previous events have featured educationists of national and international reputation who have contributed to numerous schools' preparations for the Foundation Phase. We are pleased to have secured the following outstanding contributors for our Spring Conference.

\*\*\*\*\*

### **Speakers**

**Ros Bayley**

***'More than happy and sad: supporting young children's personal, social and emotional development'***

Early Years Consultant, trainer and storyteller in the UK and abroad, a regular contributor to 'Practical Pre School' and 'Early Years Educator,' Ros is also the author of a number of resource books for early years practitioners.

**Maulfry Worthington**

***'Before (written) mathematics: beginnings in play.'***

Early Years Consultant, formerly Early Years teacher; lecturer in Early Years and Primary Mathematics and National Numeracy Consultant. Co-author of *Children's Mathematics: Making Marks, Making Meaning*. Maulfry is engaged in doctoral research (Free University, Amsterdam).

**Dr David Whitbread**

***'Developing independent learning in the Foundation Phase.'***

Senior Lecturer in Psychology & Education, University of Cambridge; leader of the CINDLE project investigating the potential of young children as independent learners.
